VISIT SUMMARY

You expressed some difficulty with communication and finding the right words to express yourself. It's possible that stress, anxiety, or other factors could be contributing to these feelings. A thorough evaluation by a clinician is necessary for a better understanding.

CARE PLAN / PRESCRIPTION SECTION (DRAFT)

Not a formal prescription — educational draft only.

Consider practicing self-care, staying hydrated, and getting enough rest. If symptoms persist, you may want to ask a pharmacist or clinician about over-the-counter options for stress or anxiety relief. Any prescription medication would need to be discussed and prescribed by a qualified healthcare provider.
